Product Description

Product Description:

1. 【Mini Portable Projector】 Foxgard latest HY300 projector features a unique exterior design and Hi-chip A3100. Equipped with 1GB+8GB ROM storage, it can stream movies, shows, live sports, and music from your phone or laptop. (Built-in 3W*1 HiFi speakers)
2. 【2.4/5G WiFi & BT 4.1 Video Projector】 Foxgard HY300 Portable Projector equipped with the latest 5G dual-band WiFi, with higher transmission rate and lower latency, a few seconds will be wirelessly synchronized to get a big screen. Built-in BT 4.1 chip, the projector allows you to connect the ideal Bluetooth speaker/headphone at any time and save every detail of the sound effect to offer you different sound scenes.
3. 【Auto Keystone Correction】 The HY300 mini projector adopts manual focus and auto keystone correction technology, a built-in high-precision sensor, that detects real-time movement and focuses faster and more accurately. Please use manual focus after the projector boots up. Auto keystone correction can automatically correct the image up and down. the left and right cannot adjusted.
4. 【Multifunctional Smart Projector】 This versatile, intelligent miniature theater projector is easy to take anywhere: With a stand that rotates 180 degrees, you can position your image from floor to ceiling where you want it. The freestyle gives you the flexibility to view your favorite images on the large 130-inch screen.
